

Economic Civic Education

Join Arutha for a programme that aims to equip civil society with the knowledge and tools necessary to navigate Sri Lanka's complex economic landscape.

Contents:

1. Causes of Crisis

Examining the causes for the current economic crisis in depth.

2. Structural Issues

Analyzing long-term vulnerabilities such as declining exports, government revenue, and weak governance.

3. Debt Restructuring

Exploring domestic and external debt optimization strategies.

4. Monetary Policy and the Central Bank of Sri Lanka (CBSL)

Understanding the objectives and tools of the CBSL, and how they influence the economy.

5. Inflation Dynamics

Examining inflation, disinflation, deflation and their impacts on the economy.

6. Economic and Governance Reforms

Highlighting necessary reforms for fiscal consolidation, trade liberalization, and anti-corruption.
